

# Bespoke Fit-out

Swift Horsman have an impressive track record of working for some of the UK's most demanding clients. Our achievements in this challenging sector have been the cornerstone of our reputation for excellence and have led to national award success.

- A 35 year history of high quality combined with efficiency to deliver at competitive rates
- The advantages of our dedicated 30,000 sq ft specialist joinery facility containing a comprehensive range of machinery able to handle timber from rough sawn boards through to detailed veneering, finishing and assembly
- A depth of skill and training enhanced by our integral Swift Training School
- A comprehensive understanding of the needs and pressures of public sector procurement
- An ethos of reduced environmental impact demonstrated by a commitment to develop environmentally sustainable products and processes
- Full FSC chain of custody certification for all joinery products
