**CASE STUDIES**

**4 Perfect pitch**

Last year's Wood Awards Gold winner Kings Place Concert Hall uses MDF and 500-year-old oak veneer to achieve acoustic perfection.

**8 Knowledge transfer**

The timber frame sector south of the border could benefit from the knowledge and experience of its Scottish counterpart.

**10 Study in CLT**

The Norwich Open Academy is the biggest solid timber panel building in the UK to date and takes cross-laminated timber (CLT) to new levels of use.

**14 Shock absorber**

Parts of the earthquake-devastated Italian town of L'Aquila have been rebuilt with quake-resistant CLT.

**16 Driving ambition**

Sweden's first timber multi-storey car park features glulam and CLT.

**18 Red and green**

Yale University's new School of Forestry & Environmental Studies used red oak in its pursuit of green goals.

**PRODUCTS & TECHNICAL**

**30 Solution providers**

Engineered wood products such as LVL and I-joists are providing specifiers with hi-tech building solutions.

**34 Hot topic**

TRADA outlines how to improve the thermal performance of existing timber frame walls.

**36 Infamous five**

TRADA flooring expert Peter Kaczmar offers solutions to five common issues.

**38 Carbon copy**

TRADA discusses a new study designed to quantify the carbon footprint of different timber species.

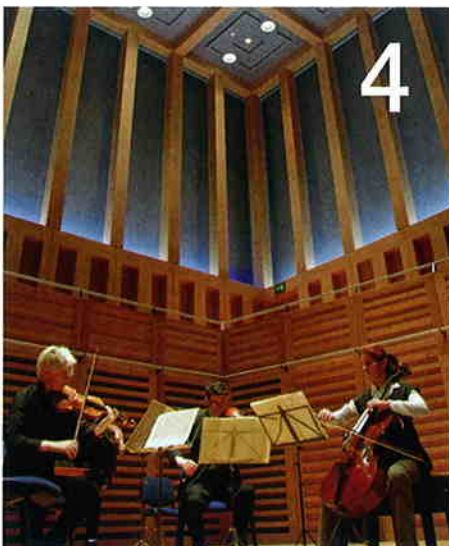

**REGULARS**

**40 News**

Latest developments across the timber building sector.

**43 Safe and sound**

The UKTFA says it is working hard to ensure fire safety is improved on timber construction sites.

**EVENTS**

**20 Show of force**

Ecobuild exhibitor numbers are up from 800 to 1,000 this year and timber companies represent the largest single group.
